## FIN 48 footnote from 2009 audit:

In June 2006, the Financial Accounting Standards Board (FASB) issued FASB
Interpretation No. 48, Accounting for Uncertainty in Income Taxes, an
interpretation of FASB Statement No. 109 (FIN 48). FIN 48 is now codified
in FASB Accounting Standards Codification (ASC) Topic 740, Income Taxes.
ASC 740 addresses the determination of how tax benefits claimed or
expected to be claimed on a tax return should be recorded in the financial
Schedule D (Form 990) 2009
statements. Additionally, the tax benefit from an uncertain tax position must be recognized only if it is more-likely-than-not that the tax position will be sustained upon examination by the tax authorities. ASC 740 is effective for the Chamber and all of its affiliates beginning January 1, 2009. Management's reassessment of its tax positions in accordance with the adoption of ASC 740 did not have a material impact on the results of Chamber's operations or financial position. Further, management's analysis of uncertain tax positions as required under ASC 740 determined that the company had no uncertain tax positions and as such, no liability has been recorded as of December 31, 2009. Management does not anticipate any material changes in this position in the next 12 months.

## FIN 48 footnote from 2008 audit:

In June 2006, the Financial Accounting Standards Board (FASB) issued FASB Interpretation(FIN) No. 48 Accounting for Uncertainly in Income Taxes, an interpretation of FASB Statement No. 109. FIN 48 addresses the
determination of how tax benefits claimed or expected to be claimed on a
tax return should be recorded in the financial statements. Additionally, the tax benefit from an uncertain tax position must be recognized only if
it is more-likely-than-not that the tax position will be sustained upon examination by the tax authorities. FIN 48 is effective for the Chamber and all of its affiliates beginning January 1, 2009. Management is currently evaluating the provisions of this new pronouncement.
