(B) WRITTEN INSTRUMENT.—Any person paying royalties under this section shall file a written instrument, together with the first royalty payment, affirming that such person is responsible for making proper payments for all amounts due for all time periods for which such person has a payment responsibility.

(C) ADDITIONAL AMOUNTS.—Such responsibility for the periods referred to in subparagraph (B) shall include any and all additional
amounts billed by the Secretary and determined
to be due by final agency or judicial action.

(D) **JOINT AND SEVERAL LIABILITY.**—Any
person liable for royalty payments under this
section who assigns any payment obligation
shall remain jointly and severally liable for all
royalty payments due for the period.

(E) **OBLIGATIONS.**—A person conducting
mineral activities shall—

(i) develop and comply with the site
security provisions in the mining plan of
operations designed to protect from theft
the hardrock minerals, concentrates, or
products derived therefrom that are pro-
duced or stored on the area subject to a
mining claim or lease, and such provisions
shall conform with such minimum stand-
ards as the Secretary may prescribe by
rule, taking into account the variety of cir-
cumstances on areas subject to mining
claims and leases; and

(ii) not later than the 5th business
day after production begins anywhere on
an area subject to a mining claim, or pro-
duction resumes after more than 90 days
after production was suspended, notify the
Secretary, in the manner prescribed by the
Secretary, of the date on which such pro-
duction has begun or resumed.

(F) REQUIRED DOCUMENTATION.—The
Secretary may by rule require any person en-
gaged in transporting a hardrock mineral, con-
centrate, or product derived therefrom to carry
on his or her person, in his or her vehicle, or
in his or her immediate control, documentation
showing, at a minimum, the amount, origin,
and intended destination of the hardrock min-
eral, concentrate, or product derived therefrom
in such circumstances as the Secretary deter-
mines is appropriate.

(6) RECORDKEEPING AND REPORTING RE-
QUIREMENTS.—

(A) IN GENERAL.—A claim holder, oper-
ator, or other person directly involved in devel-
oping, producing, processing, transporting, pur-
chasing, or selling hardrock minerals, con-
centrates, or products derived therefrom, sub-
ject to this section, shall establish and maintain
any records, make any reports, and provide any
information that the Secretary may reasonably
require for the purposes of implementing this section or determining compliance with rules or orders under this section. Such records shall include periodic reports, records, documents, and other data. Such reports may also include pertinent technical and financial data relating to the quantity, quality, composition volume, weight, and assay of all minerals extracted from the mining claim or lease.

(B) FORFEITURE.—Failure by a claim holder or operator to cooperate with such an audit, provide data required by the Secretary, or grant access to information may, at the discretion of the Secretary, be declared void.

(C) MAINTENANCE OF RECORDS.—Records required by the Secretary under this section shall be maintained for 7 years after release of financial assurance unless the Secretary notifies the operator that the Secretary has initiated an audit or investigation involving such records and that such records must be maintained for a longer period. In any case when an audit or investigation is underway, records shall be maintained until the Secretary releases the op-
erator of the obligation to maintain such records.

(7) AUDITS.—The Secretary is authorized to conduct such audits of all operators, transporters, purchasers, processors, or other persons directly or indirectly involved in the production or sale of minerals covered by this section, as the Secretary deems necessary for the purposes of ensuring compliance with the requirements of this section. For purposes of performing such audits, the Secretary shall, at reasonable times and upon request, have access to, and may copy, all books, papers and other documents that relate to compliance with any provision of this section by any person.

(8) INTEREST AND SUBSTANTIAL UNDER-REPORTING ASSESSMENTS.—

(A) PAYMENTS NOT RECEIVED.—In the case of production where royalty payments are not received by the Secretary on the date that such payments are due, the Secretary shall charge interest on such underpayments at the same interest rate as the rate applicable under section 6621(a)(2) of the Internal Revenue Code of 1986. In the case of an underpayment, interest shall be computed and charged only on
the amount of the deficiency and not on the
total amount.

(B) UNDERREPORTING.—If there is any
underreporting of royalty owed on production
for any production month by any person liable
for royalty payments under this section, the
Secretary shall assess a penalty of not greater
than 25 percent of the amount of that under-
reporting.

(C) SELF-REPORTING.—The Secretary
may waive or reduce the assessment provided in
subparagraph (B) if the person liable for roy-
alty payments under this section corrects the
underreporting before the date such person re-
ceives notice from the Secretary that an under-
reporting may have occurred, or before 90 days
after the date of the enactment of this section,
whichever is later.

(D) WAIVER.—The Secretary shall waive
any portion of an assessment under subpara-
graph (B) attributable to that portion of the
underreporting for which the person responsible
for paying the royalty demonstrates that—

(i) such person had written authoriza-
tion from the Secretary to report royalty
on the value of the production on basis on
which it was reported;

(ii) such person had substantial au-
therity for reporting royalty on the value
of the production on the basis on which it
was reported;

(iii) such person previously had noti-
fied the Secretary, in such manner as the
Secretary may by rule prescribe, of rel-
levant reasons or facts affecting the royalty
treatment of specific production which led
to the underreporting; or

(iv) such person meets any other ex-
ception which the Secretary may, by rule,
establish.

(E) DEFINITION.—For the purposes of
this subsection, the term “underreporting”

reported and the royalty on the value of the
production which was reported, if the value that
should have been reported is greater than the
value that was reported.

(9) EXPANDED ROYALTY OBLIGATIONS.—Each
person liable for royalty payments under this section
shall be jointly and severally liable for royalty on all hardrock minerals, concentrates, or products derived therefrom lost or wasted from a mining claim when such loss or waste is due to negligence on the part of any person or due to the failure to comply with any rule, regulation, or order issued under this section.

(10) GROSS INCOME FROM MINING DEFINED.—For the purposes of this section, for any hardrock mineral, the term “gross income from mining” has the same meaning as the term “gross income” in the Internal Revenue Code of 1986 (26 C.F.R. 61).

(11) EFFECTIVE DATE.—Royalties under this section shall take effect with respect to the production of hardrock minerals after the enactment of this Act, but any royalty payments attributable to production during the first 12 calendar months after the enactment of this Act shall be payable at the expiration of such 12-month period.

(12) FAILURE TO COMPLY WITH ROYALTY REQUIREMENTS.—Any person who fails to comply with the requirements of this section or any regulation or order issued to implement this section shall be liable for a civil penalty under section 109 of the Federal Oil and Gas Royalty Management Act (30 U.S.C.

(3) Submission of Statement.—All operators conducting hardrock mineral activities shall submit to the Secretary a statement of the amount of displaced material produced during mineral activities during the previous calendar year, the accuracy of which shall be sworn to by the operator and notarized.

(4) Penalty.—Any corporate officer, agent, or director of a person conducting hardrock mineral activities, and any other person acting on behalf of such a person, who knowingly makes any false state-
ment, representation, or certification, or knowingly
fails to make any statement, representation, or cer-
tification, required under this section with respect to
such operation shall, upon conviction, be punished
by a fine of not more than $10,000.

(5) CIVIL ACTION TO RECOVER FEE.—Any por-
tion of such reclamation fee not properly or prompt-
ly paid pursuant to this section shall be recoverable,
with statutory interest, from the hardrock mineral
activities operator, in any court of competent juris-
diction in any action at law to compel payment of
debts.

(6) EFFECT.—Nothing in this section requires
a reduction in, or otherwise affects, any similar fee
required under any law (including regulations) of
any State.

(7) EXEMPTION.—The fee under this section
shall not apply for small miners.
